

Keep Reading

READING FOR YOURSELF

Choose one book from **Bug Club** on **ACTIVE LEARN** and plan your reading over a week or two week period. For example, if the book has 100 pages, over 10 days, you could read 10 pages a day to complete the book.

Answer the interactive questions as you read the e:book.

LISTENING TO READING FOR PLEASURE

Also, check out your class story on **SeeSaw** and listen to a teacher read your class book.

Keep Communicating

Watch 'Reverso' on the link below:

<https://www.youtube.com/watch?v=QTsdNLbFh04>

Write a diary entry written by the main character.

Write like a Year 4 writer including:

- A range of fronted adverbials and conjunctions
- Interesting and unusual vocabulary
- Similes and personification
- Correct use of punctuation (full stops, capital letters, commas, apostrophes, question marks).

-YELLOW: use informal language. How would this character speak?

Be Active

Joe Wicks' Daily Workout

<https://www.youtube.com/channel/UCAxW1XT0iEJo0TYIRfn6rYQ>

BBC Supermovers

Be active whilst practising your rounding.

<https://www.bbc.co.uk/teach/supermovers/ks2-maths-rounding-numbers-with-laura-bubble/zhmrbhk>

PE CHALLENGE: Push Ups

How many push ups can you do in 30 seconds? Check out **SeeSaw** to see how to do a push up properly.

Be Scientific or Creative

In your garden or when out for a walk, find out which birds you can see. Use the key to identify them.

<https://www.stem.org.uk/system/files/elibrary-resources/2017/09/Garden%20birds.pdf>

Miss Scott's 'Geography challenge.' As a geographer, make a map of the journey you take during your walks.

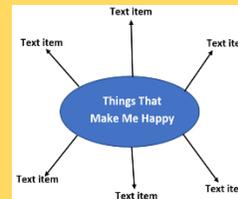

Be Musical and Keep Well

Miss Abbot's Music Challenge

The Big Sing 2020- Watch the video on **SeeSaw**.

Thinking Positively

Draw a spider diagram of all the things that you enjoy or make you happy. Add some pictures/colours and put it somewhere that you'll see it.

Be Mathematical

ACTIVE LEARN and **TT ROCKSTARS** are ready and waiting but also try...

WHITE ROSE MATHS HOME LEARNING
YEAR 4 - SUMMER 1 - Week 4

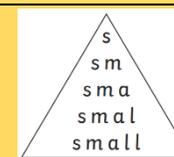

<https://whiterosemaths.com/homelearning/year-4/>

The sheets are available on **SeeSaw**.

Send work, photos and videos to: astockhill@fitzwilliam.wakefield.sch.uk OR upload any comments, photographs or videos on **Twitter** or **SeeSaw**. I look forward to seeing what you've done!

Practice your Spellings

Day	Words for the week: circle, complete, consider, continue, decide, describe, different, difficult, disappear, early
Monday	LOOK, SAY, COVER, WRITE, CHECK Write down your words once. Then, one at a time, LOOK at your word, SAY your word, COVER your word, WRITE your word and then CHECK your word. Did you get it right? Tick it if you did. If you didn't, look carefully where you made a mistake and underline or circle this part. Write the correct spelling and circle or underline the part you need to remember.
Tuesday	Spelling Scribbles Create a work of art! Scribble on a piece of paper. In the spaces between, write the spellings. Use different colours, fonts and letter sizes. Can you fill a page?
Wednesday	Pyramid Words Write each word in the shape of a pyramid. The first letter should be at the top of the pyramid.
Thursday	Draw Your Words Write your words using your art skills. You could use a fancy handwriting style or use bubble writing. You could write each letter in a different style or a different colour.
Friday	Complete the spelling test on SeeSaw. How well did you do? Write down any words you still need to learn and make a list of words to keep practicing.

Practice your Arithmetic

Monday	Create two four digit numbers. Add them together. Use an inverse operation to check your answer. Repeat this three times with new numbers.
Tuesday	Create three one digit numbers. Now multiply them (E.g. $4 \times 6 \times 2$). Repeat this four times with new numbers.
Wednesday	Create a two digit number. Find one quarter of it. Repeat this four times with new numbers.
Thursday	Create a 4-digit number. Now add 4500 to it. Repeat three more times with different numbers. Check on a calculator if you have one.
Friday	EITHER practice the operation you find the most challenging OR try to teach another member of your household how to do one of them, explaining and showing them a step at a time.
